HUMMER®

Officially Licensed Design....

The HUMMER H3 is the first proportionally correct and only Licensed custom Resort & Golf Car styled after the H3 HUMMER. It includes standard features such as 15" custom built and proportioned HUMMER wheels, rugged all aluminum I-beam chassis, Genuine HUMMER Chrome grill, standard equipment functional headlights, tail lights, turn signals and fog lights. Patent Pending 180 degree tailgate. The all new HUMMER H3 Resort & Golf Car is the new industry standard for custom luxury electric vehicles.

Unmatched Engineering....

Engineered to be the best custom luxury vehicle the H3 HUMMER was designed on a rugged all aluminum I-beam chassis. It boasts the roomiest seating area and the most legroom of any other Custom Electric Vehicle in the world. The interior is ergonomically designed with cup holders in the center console, and all of the controls and switches right at your fingertips. The HUMMER H3 Resort & Golf Car uses a long range 48-volt system to ensure maximum range while delivering optimal power to the high torque motor. The HUMMER H3 Resort & Golf Car also features the highest quality components available for the Electric Golf vehicle industry. It comes with a programmable Altar, Inc. 4844 Electronic speed controller, a front wheel hydraulic disk brake system that is coupled with a fully self adjusting rear drum brake system, an onboard DeltaQ Technologies IntelliQ computer controlled charging system so that you can drive and charge your car anywhere there is an available power outlet and industry leading Trojan T-875 batteries which are all standard features. For added usability, the car is equipped with an onboard 48 volt to 12 volt converter giving you a 12 volt power outlet right on the dash to charge your cell phone or provide power to your laptop so that you can stay in touch with the world while you are on the course. As standard safety enhancement, the HUMMER H3 Resort & Golf Car is outfitted with working headlights, brake lights, turn signal lights, a working horn, reverse warning buzzer and a standard 4 wheel braking system.

Available options to personalize your driving experience....

The upgrades for the HUMMER H3 include a wide range of products so that you can personalize your vehicle to meet your high standards. Wheel options include Chrome HUMMER wheels, or if you want full custom wheels there are many styles and sizes available. For an enhanced media experience, the HUMMER H3 is available with in-dash CD or DVD entertainment systems. You can upgrade the look of the car with optional chrome brush guards, running boards, leather interior, custom colours and graphics. You can also add your corporate logo to help you advertise your company at local tournaments or events.
